

HEALTH INNOVATION WEEK 2017

Friday October 20th

BLACKSTONE LAUNCHPAD CREATIVE ZONE
Boole Library, University College Cork
10.00 – 13.00. Registration at 9.45

Unlocking the “Digital Thread” in the Health
Management Landscape: Opportunities, Challenges
and Next Steps

Health Innovation Week will kick off at UCC with an interactive and exciting session involving healthcare professionals, health IT innovators & digital health researchers.

The Digital Health domain has experienced significant growth and is estimated to grow exponentially in value by 2020. This is largely attributable to:

- The need for disruptive solutions health care cost
- The increasing demand for personalised medicine
- The availability of novel, real-time data streams beyond which we have not experienced to date in the health domain.

This event explores the opportunities, challenges and next steps associated with electronic health (eHealth) within the health management landscape.

SPEAKERS WILL INCLUDE:

- Mr Richard Corbridge - CIO of the Health Service Executive and eHealth Ireland
- Prof. Richard Greene - Director of The National Perinatal Epidemiology Centre and Professor of Clinical Obstetrics
- Dr. PJ Fitzpatrick - CEO of Educate4Health
- Lightning eHealth presentations and BluePrint eHealth Poster sessions

CONNECTING FOR THE FUTURE

Organised by and in conjunction with:
Dr. Ciara Heavin, Dr. Yvonne O’ Connor (MSc Digital Health)
Dr. Michelle Carr , Dr. Aileen Murphy (MSc Healthcare Leadership)
